

Fw :celebrating good news and success in the urology team

?

HOPCRAFT, Kerry (SHEFFIELD TEACHING HOSPITALS NHS FOUNDATION TRUST)

THENGAZHICATHU, Sweety (SHEFFIELD TEACHING HOSPITALS NHS FOUNDATION TRUST)

Hello Sweety

Thought I would share with you some of things the MDT have written about you and your practice. You will be able to use as feedback for revalidation.

Kind Regards

Kerry Hopcraft

Sweety

Has taken on responsibility for the lead nurse for remote monitoring programme that has 1700+ patients being supported and followed up remotely. She also helped design the escalation pathway for nursing and medical input. This has ben invaluable in

reducing clinic appointments and maintaining appropriate oversight of care. Sweety has always been positive and keen to improve the service and is a fantastic member of the team.

Best wishes

Omar

Hi Omar,

Kerry is going to complete a nomination for Sweetie. Would you have a few words that you could send to Kerry about her work around remote PSA monitoring? It would be great to include your name on the nomination too if you are willing - it would add some weight if the nomination was supported by more than 1 person 😊.

I am sure Sadie would support too.

BW
